i.kochetkova94@gmail.com
LinkedIn

Senior Product/Data Analyst with 8+ years of experience spanning B2C SaaS/subscriptions and data consulting (PwC Big 4). Skilled in driving product and growth decisions through experiment design (A/B testing), lifecycle metrics (LTV, Churn, Retention), and full-funnel analytics. Created automated reporting systems and self-service analytical dashboards from scratch. Upper-Intermediate English.

SKILLS & TOOLS

BI & Product Analytics: Looker Studio, Power BI, Amplitude, GA4, Yandex Metrika

Data & SQL: SQL (BigQuery, PostgreSQL), Python (Pandas, NumPy, SciPy)

PROFESSIONAL EXPERIENCE

Senior Product/Data Analyst 09/2024 – 04/2026

Synchronize / B2C SaaS EdTech (Subscription-based)

- Designed the company's first user segmentation framework (activation, C2/C3 retention, auto-renewals), giving the product team a shared language for cohort target-setting and annual forecasting.
- Designed and analyzed an A/B test for landing page personalization (validated sample size for 2% MDE), achieving a **3% conversion lift**.
- Evaluated unit economics (LTV/CAC) for a new subscription launch, creating financial health dashboards that guided pricing strategy and marketing budget allocation.
- Analyzed user behavior to discover a critical 14-day activation milestone (Aha-moment) for subscription renewals; integrated these insights into trigger-based campaigns and recommendation flows, resulting in **+5% 14-day Retention and +15% MAU**.

Data Analyst → Senior Data Analyst 09/2016 – 12/2022

PwC (PricewaterhouseCoopers), Big 4: Banks & Financial Services

- Developed an automated Power BI dashboard for client loan portfolio monitoring, replacing manual quarterly reporting packs and **saving 40 labor hours per quarter**.
- Automated data preprocessing and cleaning pipelines using Python, **saving 10% of the team's monthly hours** on routine tasks.
- Standardized analytics workflows across repeat client engagements, achieving a **10% reduction in OpEx** on recurring projects.

EDUCATION & COURSES

Product Thinking & A/B Testing, No Data No Growth | Pavel Bukhtik 2026

Data Analyst Simulator, Simulative | Andron Aleksanyan 2023 – 2024

B.Sc. in Corporate Finance, Financial University (Moscow) 2011 – 2015
