## Senior Marketing / Product Analyst

t.me/ikochetkovaaa  
i.kochetkova94@gmail.com  
LinkedIn

Senior Marketing & Product Analyst with 8+ years of experience in data analytics (B2C SaaS and PwC Big 4) using SQL, Python, and Looker. Specializes in subscription business models (LTV forecasting, cohort payback, CAC/ROAS, retention), marketing attribution, and data pipeline automation. Experienced in building reporting systems from scratch. Upper-Intermediate English.

### SKILLS & TOOLS

**Marketing Analytics & Frameworks:** LTV Forecasting, Marketing Attribution, Cohort & Funnel Analytics

**BI & Product Analytics:** Looker Studio, Power BI, Amplitude, GA4

**Data & SQL:** SQL (BigQuery), Python (Pandas, NumPy, SciPy, Matplotlib, Seaborn, Plotly)

### PROFESSIONAL EXPERIENCE

#### Senior Product / Marketing Analyst

09/2024 – 03/2026

*Synchronize / B2C SaaS EdTech (Subscription-based)*

- Built automated data pipelines to consolidate advertising cost data with subscription revenue from internal CRMs, **establishing a single source of truth for ROAS, CAC etc calculations.**
- Tested the hypothesis that influencer-personalized landing pages would increase subscription conversion - designed the experiment, validated sample size and significance via SciPy, **confirmed 3% lift** vs. 2% target.
- Architected end-to-end marketing and product framework from scratch (BigQuery/PostgreSQL), deploying self-service Looker/Tableau dashboards and **reducing ad-hoc analytics workload for marketing teams by 40%.**

#### Financial Data Analyst → Senior Financial Data Analyst

09/2016 – 12/2022

*PwC (PricewaterhouseCoopers) / Big 4 — Financial Services & Advisory*

- Built automated Power BI and Tableau dashboards for corporate clients, establishing regular management reporting and saving **~40 labor hours per quarter in manual tracking.**
- Developed automated data preprocessing, ETL, and valuation models using Python and SQL (working with large databases of banking transactions), **improving team efficiency by 10%** and driving faster delivery on high-value projects.
- Mentored and onboarded junior analysts within the team, establishing training programs that **boosted overall project delivery speed by ~15%.**

### EDUCATION & COURSES

#### Product Thinking & A/B Testing

2026

No Data No Growth | Pavel Bukhtik

#### B.Sc. in Corporate Finance

2011 – 2015

Financial University (Moscow)
